***If Umbraco is important to your business, attending Codegarden is a great investment.***

## **Great Value**

We work hard to ensure that the conference provides a wide variety of sessions, workshops and activities so everyone from beginners to seasoned Umbraco veterans will leave filled with knowledge, motivation and fresh ideas!

## **Sessions**

Packed with 20 sessions across two tracks there will always be something interesting and meaningful to participate in. The people behind some of the most advanced and ambitious Umbraco implementations in the world will be presenting at Codegarden. Come and learn from their experiences on how to build world class websites.

## **Open space**

Aside from the normal sessions and workshops, Codegarden also provides a unique approach to conferencing that allows the attendees to put their passion on the agenda and have an influence on the future of Umbraco.

## **Ask the experts**

The entire development team behind Umbraco will be present and ready for questions, including the founder of Umbraco: Niels Hartvig and the rest of the Umbraco HQ and Core team.

## **Workshops**

At Codegarden we offer half-day classroom workshops that allows the attendees to hone their skills in specific areas and get intimately familiar with the latest version of Umbraco. The workshops are taught by the developers behind the software and offer a unique opportunity to get expert guidance.

## **Networking**

Codegarden is the biggest concentration of Umbraco Talent. It is the perfect opportunity to network and gain new professional contacts and friends. While the tracks are jam-packed we also provide the space for attendees to learn and share with each other.
